Miele Galaxy Vacuum S4212 Polaris Canister Vacuum Cleaner

Model : S4212

Miele Galaxy Vacuum S4212 Polaris Canister Vacuum Cleaner

Manufacturer : Miele

Miele S4212 Polaris offers a convenient six-position dial suction control. Controls range from 200 watts to 1200 watts. The Vortex Motor System is developed and produced in the Miele factories in Germany. A real power pack with 1200-watt performance, it is designed for optimal power usage through the airflow for great cleaning performance with superior dust intake. Despite the impressive power of the Miele S4212 Polaris's high-output motor, this vacuum cleaner is remarkably quiet. Miele's thoughtfully designed motor suspension and unique motor seal mean you'll be able to hear the phone ringing and the radio playing. Sealed System construction features Miele's Super Air Clean filter that retains 99.95% of particles down to 0.5 of a micron and 94% of particles down to 0.3 of a micron. The filter lasts as long as four dustbags. The 3.7 quart Hyclean dustbag provides additional filtration and features a self-closing collar that automatically seals the bag as soon as the dust compartment lid is opened. Miele S4212 Polaris vacuum cleaner also includes a natural bristle dusting brush, upholstery nozzle and a crevice tool. Other standard features include an impressive 29.5-foot operating radius, stainless steel telescopic wand, safety shut-off to prevent overheating, dustbag change indicator, electric power display, electric exhaust filter display and space-saving storage bracket on side of vacuum. Other optional tools include the STB 205-3 Turbobrush, SBB 300-3 Parquet Floor Brush and 235-3 Smooth Floor Brush. Dimensions height: 8" width 9" length: 19". Weight: Only 11 lbs. Warranty: 7-year suction motor; 1-year all non-wearing components. Miele Polaris is the same machine as the Miele Carina at the same price, but with a new color, Light Blue. call 800-696-8227 WITH ANY QUESTIONS
