Oreck Air Purifier 3-in-1 Odor Absorber

Model : AT1PK8

Oreck Air Purifier 3-in-1 Odor Absorber

Manufacturer : ORECK

Replacement odor absorber removes odors four times longer than charcoal absorbers! Converts ozone to oxygen – important in high pollution areas. Reduces VOCs (Volatile Organic Compounds) such as chemical fumes created by household cleaners and synthetic materials. Use with the Super Air 7 Air Purifier models AIR7B and AIR7C and the XL Professional Air Purifier (controls on front of unit). Cannot be used on older Oreck Air Cleaner Models. This is the direct replacement for previous charcoal filter oreck part # AT4PK7 which is no longer being made and this new design is better with it's 3-n-1 function and only has to be replaced once a year rather than the previous design of ever 3 months.

Price : \$42.99
